This would be where we are able to make improvements, sometimes last-minute decisions due to the nature of the tour/event. Overnight accommodation stops can change depending on road or weather conditions or any unforeseen circumstances. Partaking in an adventure tour in Africa involves covering hundreds if not thousands of kilometres and our tours are as much about this journey as they are about the destinations we visit. Use your time during these drives to talk to your fellow travellers, have a drink and take note of the world passing by your window. Some roads you travel on will be smooth and easy while others could take up to an hour to cover 1 kilometre. There is just no telling what could happen with road, weather, traffic and other conditions that may exist that will either increase or decrease the amount of time you spend on the road so take your watch off, put your iPad away, turn off your phone and just relax. An average day could take anything from 5 to 14 hours, it all depends on the day... and that's only an "average"!

Please ensure that you have downloaded and read a copy of the PRE DEPARTURE INFORMATION booklet as this document contains important information (e.g travel insurance, visas, your money, health etc) you need to know before you depart on tour.

We set out early this morning for a game drive in the nearby Hluhluwe-Imfolozi Game Reserve, one of the last strongholds of the endangered Rhinoceros. The reserve has played a critical role in the preservation of these endangered animals, both Black and White Rhinoceros occur in the park and many populations owe their ongoing existence to animals that have been raised here. While Rhinoceros are the most famous of the parks inhabitants, the park also provides a home to many other species, including the Big-5 that we all hope to see. Returning to our lodging for a siesta, we freshen up for an afternoon boat cruise on St Lucia estuary.
