

IMPORTANT INFORMATION

All information is subject to change without prior notice, changes would always be in consideration of your safety first and a better quality experience. This would be where we are able to make improvements, sometimes last-minute decisions due to the nature of the tour/event. Please ensure that you have received the latest version of this dossier, which can be downloaded from our website as Nomad is continually striving to improve the standards and quality of our tours and itineraries are subject to change. Travel times and campsites can change depending on road or weather conditions, or any unforeseen circumstances. These are used as a guideline only. On our longer tours it is possible that your crew, truck and fellow travellers will change due to our unique tour linking system. During our peak season (traditionally July to end October), your tour might be operated on a subcontracted truck and / or vehicle. These subcontracted vehicles will be of a similar standard to the Nomad truck. There are a maximum of 20 participants travelling on this tour. Please ensure that you download the most up to date version of this tour dossier one week prior to your tour departure date, you can find the dossier on this link:

Partaking in an adventure tour in Africa involves covering hundreds if not thousands of kilometres in a truck, and our tours are as much about this journey as they are about the destinations we visit. Use your time in the truck to talk to your fellow travellers, play card games, have a drink, walk around, take note of the world passing by your window and make the most of this unique opportunity to step out of your comfort zone. Some roads you travel on will be smooth and easy while others could take up to an hour to cover 1 kilometre. There is just no telling what could happen with road, weather, traffic and other conditions that may exist that will either increase or decrease the amount of time you spend on the road so take your watch off, put your iPad away, turn off your phone and just relax. An average day could take anything from 5 to 14 hours in the truck, it all depends on the day... and that's only an "average"!

We will stop for shopping, bathroom breaks, photo stops, activities and a whole lot more. If you are looking to only experience specific destinations and are not interested in the journey, perhaps adventure touring is not for you. As circumstances change in the destinations that we visit, our tour dossiers do change from time to time as we constantly improve our offering based on feedback about these changes that we receive from our guests and guides on tour. Please ensure that you download this dossier again within a week of your tour departing to ensure that you have all of the correct information regarding the tour.

Day 9 - Himba Tribes: Outjo

We continue north this morning and on our way we will visit a project that will introduce us to the Himba people of Northern Namibia. The semi-nomadic Himba Tribe are extremely susceptible to Western influence and have lost a large portion of their land to farmers, engineers, miners and many were displaced during the wars that raged between Namibia and Angola. The dwindling number of pastoralists that still exist in their natural environment are protected as far as possible by creating a "buffer zone", or an "educational tribe" where tourists who would like to get a better understanding of the way of the Himba, their lifestyle and their traditions, can do so without interfering with those still living in their natural environment. Visiting the Himba tribe can be a controversial topic that gets discussed at the camp fire, however not so much if the reason for

visiting this particular tribe is understood beforehand. The income that this specific tribe generates from the visits goes towards the education of orphaned Himba children and assists the tribe in giving them a chance to learn about their own culture and heritage. There is a market at the end of your visit, this is a way for the women to establish a small income, used for their own private expenses, and it is up to you whether you'd like to purchase anything or not. We continue to our camp for the night and prepare for two magical days of game viewing in Etosha National Park.

Our truck offers us an elevated platform and we will spend some time at the many waterholes dotted throughout the park. Evenings in Etosha are best spent wrapped up warm at the floodlit waterholes at the camps. Those who wish to partake in an optional night drive may do so tonight.

Tonight a second opportunity presents for those who wish to do an optional night drive, while the floodlit waterholes ensure that our game viewing continues deep into the night.

GENERAL INFORMATION

South Africa

South Africa is one of the most popular tourist destinations in Africa, as it offers truly magnificent views and has an abundance of activities to enjoy. This Southern African country is rich with culture and traditions; with every citizen having a unique heritage, culture and story to tell. Here, guests will find themselves enchanted with a unique vibrancy and absorbed in the freedom of every citizen. The combination of the beauty of the landscape and friendly nature of the locals makes South Africa a truly inspiring and exciting country to explore. Since the 17th century and the arrival of its very first settlers, South Africa has been claimed, to be one of the most beautiful destinations in the world. Not only is the weather warm and mild throughout the year, but locals and visitors enjoying an endlessly beautiful scenery and diversity in landscapes. Undoubtedly, South Africa's main attractions are its beautiful mountain and coastal views, however its cities also attract more than enough tourist attention.

In 2010, South Africa hosted the FIFA Soccer World Cup, putting on an incredible show and proving themselves as one of the world's leaders in the hospitality industry. Guests were made to feel welcome and encouraged to participate in local celebrations and enjoy the sights of each region; a factor which surely contributed to the Mother City of South Africa, Cape Town, being voted by TripAdvisor to be the most desired tourist destination in the world. Among South Africa's other top attractions are Johannesburg (The City of Gold), Durban (a surfer's paradise), Port Elizabeth (the friendly city), the Garden Route and the Kruger National Park.

Namibia

Namibia is Southern Africa's most westerly nation and is home to some of the most beautiful desert plains and sand dunes. This country has a truly unique landscape; completely unlike its neighbours Angola, South Africa and Botswana. Namibia is also one of the largest countries in African, covering 824 000 square kilometres. While it covers a seemingly endless amount of space, at every turn you'll find yourself facing a truly magnificent sight and rugged beauty. Although Namibia's desserts may look lifeless, they're in fact buzzing with life and activity. Home to the African wildlife that tourists travel miles to observe, as well as their very own wild horses and snakes, Namibia has several game reserves for their visitors to visit. The most popular and established being the Etosha National Park where guests can either choose to camp or stay in luxurious accommodation. If you're planning an adventure into this beautiful and inspiring country, make sure you land up in Swakopmund, visit the Fish River Canyon, Damaraland and the Kaokoveld. The capital city of Namibia is Windhoek, a city which is heavily influenced by Namibia's previous colonial ruler, Germany. Today, however the country has close ties to South Africa; its currency linked to that of the rainbow nation. Nomad tours will take you on an adventure like no other through the beautiful Namibian terrain, showing you the beautiful deserts, game reserves and cities while enlightening you to the lifestyle of the locals and the history of the country. For an exciting, unforgettable Namibian tour, travel with Nomad Tours.

MEALS ON TOUR

Included on your tour are three meals a day (unless otherwise specified on your tour dossier). We are able to cater for specific dietary requirements to a degree, however please keep in mind that you are travelling with a group and the guides generally prepare meals on two gas burners so it is not possible for them to prepare regular meals, gluten intolerant, lactose intolerant and vegetarian meals all at the same time. Where possible, our guides will accommodate clients who have indicated their dietary requirements prior to the tour departing. We unfortunately cannot cater for requests at the start of the tour.

If you are vegan, the guides will provide you with salads, vegetables, fruits, rice, beans, pasta, cereals and breads however their budget and time does not allow them to shop for quinoa, seeds, nuts, tofu, soya milk and other protein substitutes. Please keep this in mind when going to the supermarket so that you can supplement these foods for yourself, it will be at your own expense, the guides will however store it for you in their fridge.

When travelling through Africa, the guides are briefed to shop at supermarkets as far as possible, as shopping at street vendors could be a health risk to the guests as there is no indication as to where or how the vendors grow, harvest and transport their produce. Guides have to be responsible and ensure that their produce comes from reliable sources and this can generally only be done by shopping at the supermarkets. The prevalence of street vendors also means that there is thieving from local farms who support the local industry, and this in turn means that the farms become unsustainable, leaving the community in a worse off position.

Breakfast: As breakfast is served very early in the morning (if there is driving or activities to be done) it is a simple but filling breakfast: Tea and coffee, breads and spreads, cereals, yoghurts, fruits and on occasion, when there is time for a later breakfast, guides will serve a hot breakfast of scrambled eggs, porridge, bacon or beans..

BEST OF NAMIBIA 2017: 12 Days | NACW - Accommodated (North)

Lunch: Lunch is generally served at a picnic spot next to the road en route to a destination. As the guides only have approximately 45 minutes to get everyone off the truck, prepare lunch and then get everyone back on the truck again, lunches consist of sandwiches and salads (rice salad, pasta salad, tuna salad and green salad) which are quick and easy to prepare but which are quite filling.

Dinner: This is when the guides get time to prepare a delicious meal and they focus on a substantial protein, vegetable and carbohydrate dinner. We serve traditional campfire cuisine consisting of braais (BBQ), potjie (stew), bobotie (mince), spaghetti and fish and chicken dishes. All meals (on both accommodated and camping tours) that are included as per the dossier are prepared at the full service adventure truck. This is a unique adventure in itself where you get to dine under the stars with your new found friends and experience the real sights and sounds of Africa!

Most evenings are spent at camp talking about Africa. Your tour dossier will have details of where you will be each night and the prices of meals if we are spending an evening at leisure in a city or town. After or during dinner, guides will do briefings, please use this opportunity to discuss things with them. Standards of food in East Africa are not as high as they are in Southern Africa as there is much less time for preparation (the days on the road are longer in East Africa), food is a lot more expensive and there is not as much variety available.

Special Requirements

Please confirm to us in writing if you are a vegetarian or if you suffer from any allergies (i.e. nuts, milk, fish) (i.e. vegetarian), allergies (i.e. nuts, milk, fish). Where possible our guides do try and accommodate clients with intolerances (i.e. gluten, lactose), however we cannot guarantee the availability of speciality foods en-route and we therefore recommend you to bring these items with you or purchase them prior to departing on your tour. Likes and dislikes in food preferences cannot be accommodated; only allergies and life threatening situations will be regarded.

TIPPING ON TOUR

In general tipping in restaurants is expected and is around 10% for good service, more if you have received exceptional service, and, feel free not to tip at all if you received poor service. Tipping taxi drivers etc is really at your own discretion and not always expected. If in doubt please ask your guides. It is expected to tip porters and car guards etc. Ask your guides how much is appropriate in local currency. Our Crew can be tipped if you feel that they have done a good job and/or gone above and beyond the call of duty. The best way to arrange tips is to elect one person in the group to collect the money. We recommend USD2-3 (or about R25-R30) per day per person, per guide as a fair tip. So if you have 3-crew on a tour, we would recommend that 3 envelopes are used and each crew member's name written on one. Place what you feel is fair into each envelope and the elected person can give these to the crew at the end of the tour. If you do not feel that the crew deserve a tip, please, do not tip them. You must remember that tipping is only for exceptional service and is not at all compulsory or expected.
