Overnight accommodation stops can change without prior notification, depending on road or weather conditions or any unforeseen circumstances. While every effort has been made to ensure the accuracy of the properties listed in this dossier, these are to be used as a guideline only. Partaking in an adventure tour in Africa involves covering hundreds if not thousands of kilometres and our tours are as much about this journey as they are about the destinations we visit. Use your time during these drives to talk to your fellow travellers, have a drink and take note of the world passing by your window. Some roads you travel on will be smooth and easy while others could take up to an hour to cover 1 kilometre. There is just no telling what could happen with road, weather, traffic and other conditions that may exist that will either increase or decrease the amount of time you spend on the road so take your watch off, put your iPad away, turn off your phone and just relax. An average day could take anything from 5 to 14 hours, it all depends on the day... and that's only an "average"!

Please ensure that you have downloaded and read a copy of the [PRE DEPARTURE INFORMATION](#) booklet as this document contains important information (e.g travel insurance, visas, your money, health etc) you need to know before you depart on tour

PCR Testing / Requirements

All guests participating in this tour will be required to produce a **valid negative PCR test** or undertake a PCR test, prior to departure (regardless of vaccination status).

- Nomad will not permit any antigen/antibody testing to be undertaken at any border crossing.
- All costs associated with PCR testing will be for the guests' own account.

Zambia (This tour has been re-routed to start in the town of Livingstone)

All guests entering Zambia are required to produce a negative PCR test valid no more than 72 hours.

- Please ensure that the validity of your PCR test will be valid for entry into Botswana which takes place on day 2 of this itinerary.
- If your PCR test expires, you will need to arrange a test through the front desk of the Victoria Falls Waterfront Lodge (Zambia) to ensure that your results are available prior to crossing the border into Botswana on day 2. Test results can take up to 24 hours

Botswana (This tour crosses the border into Botswana on day 2 of the itinerary)

Botswana requires a valid PCR test of no more than 72 hours, which means that the test received in Victoria Falls will suffice for entry into Botswana. In preparation for our entry into Namibia (that allows for a 7 day test result window period) we will be testing in Kasane.

- All guests will be required to test in the town of Kasane (day 3). The test will be done onsite at our overnight accommodation by a certified company.
- The cost of the PCR test ±BWP950 (Botswana Pula) will be payable in cash or by credit card at the time of the test being administered. Please ensure your credit card is in working order or you have the correct cash in Botswana Pula currency.

Namibia (This tour crosses the border into Namibia on Day 7 of the itinerary)

Namibia requires the PCR test to be valid for 72 hours from the date of test, up to arrival in Namibia.

- Testing will be conducted in the town of Keetmanshoop on day 16 in preparation for our entry into South Africa. The PCR test is administered by a specialised company, Diagonal Labs who will be testing the group.
- The cost of ±N\$1,200 per person will be charged on the spot and all guests are responsible for ensuring that they have this amount put aside in cash or have a credit card in working order.

South Africa (End destination)

South Africa currently requires a valid PCR negative test no more than 72 hours from the date of test to arrival in South Africa. From there, it will be your responsibility to ensure that you depart South Africa within the 72 hours or take another PCR test if spending additional days in Cape Town.

- Post tour PCR tests will be the responsibility of the guests
- No testing support will be offered/arranged for guests upon arrival in Cape Town by Nomad, however, you can liaise with the front desk team at DoubleTree Hilton for further assistance, based on your exit date and home countries' requirement's. Costs range between approximately R850pp to R1650pp depending on the facility used type of service requested.
 - o Pathcare Gardens offers online booking facility for an appointment and guests will need to make their own way to the facility <https://booking.pathcare.co.za/>
 - o Nurses2U offers an option to administer the test at the hotel at an additional fee <https://nurse2u.co.za/>

Nomad does not take any responsibility for PCR testing results. Nomad is acting as a facilitator to assist our guests to help obtain a test and all tests are undertaken by independent laboratories. In the event of a positive test result being received by a guest – the guest will be asked to sign off of the tour and undertake self-isolation at his/her own expense. All arrangements of self-isolation will be made by the guest.

Due to additional measures put in place for PCR testing, it is possible that additional delays at border crossings will be experienced and that itinerary items will be offered earlier or later. We ask for your understanding as these delays are beyond our control.
