

EAST AFRICA 2024 TOUR DATES

The following dates represent the Nomad Scheduled Tour Departures for 2024
Version 1: Released 19-July-2023

The Benefits of Camping and Accommodated Combination Tours

Many Nomad tours have successfully been amended to allow camping and accommodated clients to travel and experience Africa together, while having different tour accommodation. Fortunately, we have found this to be an enriching experience for the clients. However there are some nice benefits of this that you may not have realised! All our tours are run on maximum 20 guests.

HOW DO NOMAD'S TOURS WORK?

Our most popular tour is our Cape Town to Victoria Falls (Camping & Accommodated). This tour starts in Cape Town and takes 20 days to reach Victoria Falls. In between it passes through Swakopmund and Windhoek and so at each of these hubs we give the option to take a section of the longer tours: So the Desert Explorer between Cape Town and Swakopmund is the first part of the longer tour. You can tell by the tour codes.

N(A)CV1234 (Nomad Cape Vic)

is the same tour as

N(A)CS1234 (Nomad Cape Swakopmund)

and also the same tour as

N(A)CW1234 (Nomad Cape Windhoek)

Where the tours are only offered in camping OR accommodated, they will be listed as such.

In the instances where the camping & accommodated tours are together on one departure, you will find the codes looking like:

N(A)JC - So the (A) represents that this tour is available in both the camping and accommodated versions. Where there is no (A) in a code, the tour is purely camping. Where the "A" is not in brackets i.e. NACV this means that the tour is purely accommodated.

GER = German translator on board this tour, the tour is still guided in English with English crew

ITA = Italian translator on board this tour, the tour is still guided in English with English crew
