Partaking in an adventure tour in Africa involves covering hundreds if not thousands of kilometres and our tours are as much about this journey as they are about the destinations we visit. Use your time during these drives to talk to your fellow travellers, have a drink and take note of the world passing by your window. Some roads you travel on will be smooth and easy while others could take up to an hour to cover 1 kilometre. There is just no telling what could happen with road, weather, traffic and other conditions that may exist that will either increase or decrease the amount of time you spend on the road so take your watch off, put your iPad away, turn off your phone and just relax. An average day could take anything from 5 to 14 hours, it all depends on the day... and that's only an "average"!

Please ensure that you have downloaded and read a copy of the [PRE DEPARTURE INFORMATION](#) booklet as this document contains important information (e.g travel insurance, visas, your money, health etc) you need to know before you depart on tour

We realise that a footprint is left where we travel and for this reason, the Nomad Africa Trust was established. Your donation to the Trust is called a “Green Seat”. If you would like to help Nomad making Africa Greener, simply choose the tick box during your booking process (or contact us afterwards to add it) and we will take care of the rest. Day 31 - Gorillas (Lake Bunyonyi)

The mountain gorilla is extremely endangered and while exact numbers vary it is widely assumed that there are only around 650 left. Visiting the gorillas is a great way to support their future on earth as the money spent on permits is used for their protection. An extremely important part of the future conservation of the remaining gorillas rests in the community development work – as local communities change their attitudes towards wildlife and start to protect rather than poach, the future of the mountain gorilla is assured.

As permits granting permission to visit the gorillas are extremely limited we require flexibility in both the tour itinerary and where we actually visit them. The home of the mountain gorillas is completely at odds with man-made borders and so their range encompasses Uganda, Rwanda and the DRC (Democratic Republic of the Congo). Whenever possible we choose to make use of the National Park in Uganda, but this depends on the availability of permits. Should we not obtain permits to visit the mountain gorillas in Uganda then we will inform all passengers beforehand that the tour will travel to Rwanda or DRC.

On your free day in Bunyonyi you will have the opportunity to participate in certain optional activities. You can also go hiking or explore the area on a mountain bike.
