Partaking in an adventure tour in Africa involves covering hundreds if not thousands of kilometres and our tours are as much about this journey as they are about the destinations we visit. Use your time during these drives to talk to your fellow travellers, have a drink and take note of the world passing by your window. Some roads you travel on will be smooth and easy while others could take up to an hour to cover 1 kilometre. There is just no telling what could happen with road, weather, traffic and other conditions that may exist that will either increase or decrease the amount of time you spend on the road so take your watch off, put your iPad away, turn off your phone and just relax. An average day could take anything from 5 to 14 hours, it all depends on the day... and that's only an "average"!

Please ensure that you have downloaded and read a copy of the [PRE DEPARTURE INFORMATION](#) booklet as this document contains important information (e.g travel insurance, visas, your money, health etc) you need to know before you depart on tour

Day 30 – Swakopmund to Sesriem

Leaving behind the charms of Swakopmund we continue our journey to Southern Namibia and the Namib Desert. While bidding a reluctant farewell to the ocean, we make a stop to commemorate our crossing of the Tropic of Capricorn this morning before turning east towards the heart of the desert. This afternoon, we have the privilege of joining a local expert for an enlightening desert excursion. Our local guide will introduce us to the wonders of the desert environment – an amazing introduction to the Namib that is sure to get all your senses ready for the next few days. An early night is advisable as tomorrow will see us up as the dawn breaks, but tonight we spend the night under the magnificent desert stars, knowing that the next day holds more adventures among the red sand dunes.

Every overland journey has some long travelling days and today is one of those as we spend most of the day driving onto our next destination. Our exploration of the desert concludes this afternoon with a visit to the Quiver Tree Forest and Giants Playgrounds, named for the way in which the massive dolerite boulders have been placed on each other- creating rock formations and a series of mazes. Contrary to belief, the quiver tree is not really a tree, but a plant that can grow to between 200 – 300 years old.
