Changes would always be in consideration of your safety first and a better quality experience where possible. Overnight accommodation stops can change without prior notification, depending on road or weather conditions or any unforeseen circumstances. While every effort has been made to ensure the accuracy of the properties listed in this dossier, these are to be used as a guideline only. We recommend that you download the most up to date version of this tour dossier one week prior to your tour departure date, however, changes are possible within 7 days prior to your tour departure.

Partaking in an adventure tour in Africa involves covering hundreds if not thousands of kilometres and our tours are as much about this journey as they are about the destinations we visit. Use your time during these drives to talk to your fellow travellers, have a drink and take note of the world passing by your window. Some roads you travel on will be smooth and easy while others could take up to an hour to cover 1 kilometre. There is just no telling what could happen with road, weather, traffic and other conditions that may exist that will either increase or decrease the amount of time you spend on the road so take your watch off, put your iPad away, turn off your phone and just relax. An average day could take anything from 5 to 14 hours, it all depends on the day... and that's only an "average"!

Please ensure that you have downloaded and read a copy of the [PRE DEPARTURE INFORMATION](#) booklet as this document contains important information (e.g travel insurance, visas, your money, health etc) you need to know before you depart on tour

Pre-Tour Meet Up

Join us for an optional pre-tour meet up from 17:00 to 19:00 the evening before departure, in the reception area of the Garden Court O.R. Tambo International Airport Hotel (official departure point). Attending will help you feel more prepared and connected before the adventure ahead. If you can't make it due to prior commitments, don't worry—the morning meeting on departure day will still be available to finalize everything.

Joining in Maun ensures you'll be fully refreshed and ready to dive into the heart of the tour with the group.

A notable point of interest on our route is the Orapa Diamond Mine, an imposing testament to Botswana's mineral wealth. This mine, which is a collaborative venture between De Beers and the Botswana government, is counted among the world's most extensive diamond mines. It serves as a critical economic pillar, contributing considerably to Botswana's GDP and export earnings. Beyond Orapa, our journey skirts the southern end of the Makgadikgadi Pans National Park before reaching our overnight destination in Maun, so keep an eye out for an array of wildlife that moves between the watering holes.
